FOURBALL - MATCH PLAY & HANDICAP MATCH PLAY

To establish the handicaps of players in this event:-

The lowest handicapped player's handicap becomes scratch, then each of the other three players are given the full difference between the handicap of the lowest marker and each of the other player's handicap. This applies in both Members and Mixed events.

For information on the allocation of the handicaps, refer to the Match Play Index on the back of the score card.

- Note, the Members' Index is used for both Members' and Mixed events.
- Handicaps must be checked before commencing play in all competitions.

ECLECTIC

The eclectic event shall commence on the first eligible day of November and conclude on the last eligible day of March each season. Members shall enter the event by payment of the prescribed fee at the Pro Shop.

Scores from competition rounds played on Saturdays, Sundays and Wednesdays shall be eligible. Eclectic score cards must be signed by both player and marker.

The competition shall be graded according to the normal Club A, B & C Grades with your grade determined by your handicap at the end of the competition. Trophies shall be awarded for both Net & Scratch and will be determined by entry fees collected.

EXTRAORDINARY EVENTS

Foursomes

Players play as partners and use one (1) ball. Partners play alternately from the tee and thereafter play the ball alternately during the play of each hole until completion of the hole. Penalties shall not alter the order of play. The order of play from the tee may be changed for the second round.

Mixed Foursomes

Played in accordance with the Men's Foursomes except that women shall play from the first tee for the first round and the men shall play from the first tee for the second round. In the event of a playoff the men will play from the first tee.

Ambrose Competition

A team stroke event played by a group of two, three or four. Each player plays a tee shot at each hole. The captain then selects the best tee shot at each hole. This becomes the chosen position to play from. The other partners retrieve their balls and in turn DROP on the fairway or in the rough within one club length of the selected position and play their second shots. The procedure of selecting the best position continues until a ball is holed. When on the green, balls are placed on the selected spot. In the interest of speeding up play putts may be tapped in rather than marked.

Pinehurst

Both partners play from the tee and then play their partner's ball for their second shots. The better placed ball is then selected and it is played by its owner. The other ball is picked up. Play then proceeds alternately until the hole is completed.

 - below 15, competition fees shall be put to the ball competition and only a ball competition shall be run.

N.B. The Ex-Service Jackpot will be suspended and nearest the pin trophy will be limited to the number of balls related to entry fee.

Where grades apply, a minimum of 15 players in each grade is required. When competition entries fall below 15 in a grade/s competition fees in that grade/s will be put to the ball competition.

4. In the event of two or more players returning equal scores in a competition, the winner shall be decided as follows:
 - (a) **Play-offs in all Championship Events & Kogarah Cup;** over 18 holes. If scores remain tied the Championship will be decided by sudden death play-off of the 18th hole.

- (b) **All other events on the “Count Back”**, viz:
- (i) Last 18 Holes
 - (ii) The best nett score over the last 9 holes; should there be a further tie.
 - (iii) The best nett score over the last 6 holes; should there be a further tie
 - (iv) The best nett score over the last 3 holes; should there be a further tie
 - (v) The count back will then be hole by hole from the 18th hole. If still equal, play-off on a date to be determined by the Match Committee.
- (c) **Monthly Medal Competition:** Medals and trophies will be presented to the players with the best nett scores in A, B & C Grades.
- (d) **Medal of Medal Competition:** Winners of Monthly Medal competitions qualify to play over 36 holes. N.B. Played off current handicap and handicap remains fixed for both rounds.
- (e) In all major events, such as the Founders’ Cup, the best nett score of the day takes the major trophy. If A, B & C Grades trophies are given in conjunction, the best card then remaining are declared the winners. Should a Club Medal also be given, the winner of the major event also be given the Grade Medal.
5. In all elimination and knock-out competitions, matches must be played on the date set down by Committee, or before, at the Captain’s discretion. Failure to do so will mean players forfeit.

6. We welcome visitors and new Members to the Club and ask that the Members responsible for introducing or sponsoring such guests should see that the newcomers are introduced to Club officials and other Members. It is our wish that the hand of friendship may be properly extended and thus add to the entertainment and hospitality of everyone.
7. The LOWEST HANDICAPPED PLAYER in each group is to be held RESPONSIBLE for the general CONDUCT AND PROGRESS of such group in the course of a round.
8. The practice ground shall be the area defined by the Local Rules.
9. No more than two (2) balls may be played in practice on the course.
10. If you have a complaint, inform the Club Secretary or Captain in writing, who will pass it on to the Committee concerned.
11. Members should not nominate or second any person for membership of the Club unless thoroughly satisfied that such nominee is in every way worthy.
12. Professionals may only compete in OPEN events.
13. **LADIES' DAY - THURSDAY:** Associate Members have the right of the course until completion of competition.
14. Members have the right of the course on Saturdays until completion of competition.

MATCH COMMITTEE

Any competitor desiring to enter a protest in connection with a match or competition shall do so in writing addressed to the Club Secretary and shall deposit same in the box with cards of play. The Secretary shall, upon receipt of such protest, convene at the earliest possible opportunity a meeting of the Match Committee, which shall consider such protest and whose decision shall be final/. Protests must be entered immediately on completion of the match or competition.

GOLF ETIQUETTE

1. The standard of a Golf Club may be judged by the etiquette of its Members. It is the duty of every Member to preserve the reputation of the Club by:
 - (a) Maintaining the spirit of good fellowship between himself and every other Member.
 - (b) Observing the best traditions of the game when visiting other clubs
 - (c) Observing the rules of proper attire
2. In the interests of all, players should play without delay.
3. Players must keep their place on the course.
4. No player should play until the party ahead is out of range.
5. No one should move, talk or stand close to or directly behind the ball or hole when a player is addressing the ball or making a stroke.
6. Avoid as far as possible walking or standing near the hole.
7. When leaving bunkers, think of others. Smooth out your foot marks, leave the rake in the centre of the bunker aligned in the direction of play.
8. When the result of the hole has been determined players should immediately leave the green.

9. **Through the green a player should ensure that any turf cut or displaced by him is replaced at once and pressed down. After players have holed out any damage to the green made by the ball or the player should be carefully repaired.**
10. Competition players have precedence over other players at all times.

“IS THE GROUP IN FRONT OUT OF SIGHT?”

SLOW PLAY

The regularly recurring problem of “SLOW PLAY” is discussed consistently amongst Members. Almost every player - Member of the Club has at some time expressed concern about the effects of slow play on their enjoyment of the game. The following ten suggestions should be of assistance in overcoming the problem.

The most fundamental rule is to be ready to play. Walk directly to or adjacent to your ball at all times and wait there for the player farthest from the hole, or the player able to proceed safely, to play his shot. While you wait assess your own shot.

We ask you all to get into the habit of playing this way. Get your partners to play this way and if you see anybody NOT playing this way, you will know why you are having a slow round.

1. Select a club and ball whilst other players are having their tee shots
2. Always mark the card whilst waiting your turn at the tee.
3. Walk directly to your ball or adjacent to your ball, select your club and be ready to play when your turn.
4. It is agreed that each player has his own preference in this matter, but practice swings should be limited by discretion.
5. If, after a reasonable period, it is apparent that you are holding up play, call the next group through.

6. If called ahead as in (5) but immediately afterwards the team ahead locates their ball and it is evident that play will proceed faster if they continue, you should signal them to go ahead.

Note: The discretion is in the hands of the team called through and not the players who were lost.

7. On reaching the green and your ball, study the line of your putt immediately. When it is your turn to putt, try whenever possible, to putt right out.

Marking the ball is sometimes necessary, but not always, and should be avoided.

8. Wherever possible, a player should have assessed his own putt for direction and speed whilst other players are putting, provided in doing so, no interference is caused to the player putting.
9. The player nearest the hole should attend the flag and then pass to the first player to hole out, then appraise his own putt.
10. Always place your buggy adjacent to the approach to the next tee. Where possible, and practicable, keep your buggy off the tees and out of play.

MARKING THE CARD

Each competitor is responsible for making sure their correct handicap and Membership number are on their card. The competitor is responsible for the correctness of the score recorded for each hole. The Committee is responsible for the addition of scores and the application of the handicap recorded on the card.

HANDICAP CARDS

Members are advised to update their cards regularly. All golf clubs are asking for proof of Membership and/or handicaps of all visitors.

PRACTICE GROUND

The area set aside for practice is bounded by the right hand side of the rough on the 10th, 11th and 18th holes and the area surrounding the practice bunker and chipping green as defined by orange boundary stakes and lines. Any golf balls exceeding these bounds must be retrieved immediately so that they do not interfere with play on the course.
