On all days, including fourballs, open days or visitors' days no player may take both the scratch and the net prize. Net takes precedence.

Thursday players are eligible to win Medals on Thursdays only and Sunday players have separate medal rounds and are only eligible to win medals on Sundays. Winners of these medals are able to play for their own Gold Medals.

### **GOLD MEDALS (Thursday & Sunday)**

Every winner of a medal round during the current season will play for a Gold Medal. The competition will be held over two days. Players will play on the same handicap for both days, however, the event of the day on the second round will be decided on current handicap.

## **EXTRAORDINARY EVENTS**

### **Foursomes**

Players play as partners and use one (1) ball. Partners play alternately from the tee and thereafter play the ball alternately during the play of each hole until completion of the hole. Penalties shall not alter the order of play. The order of play from the tee may be changed for the second round.

### **Mixed Foursomes**

Played in accordance with the Men's Foursomes except that women shall play from the first tee for the first round and the men shall play from the first tee for the second round. In the event of a playoff the men will play from the first tee.

### **Ambrose**

A team stroke event played by a group of two, three or four. Each player plays a tee shot at each hole. The captain then selects the best tee shot at each hole. This becomes the chosen position to play from. The other partners retrieve their balls and in turn DROP on the fairway or in the rough within one club length of the selected position and play their second shots. The procedure of selecting the best position continues until a ball is holed. When on the green, balls are placed on the selected spot. In the interest of speeding up play putts may be tapped in rather than marked.

### **Pinehurst**

Players play as partners with each player at each hole to play one stroke with their own ball before proceeding to play their partners ball. Players then select the better ball. The owner of the selected ball plays next and play proceeds as for Foursomes until completion of the hole.

½ combined handicap

### **2-Stroke Canadian Foursomes**

Players play as partners with each player at each hole to play two strokes with their own ball before selecting the better ball. The partner will then play the selected ball and play proceeds as for Foursomes until completion of the hole.

½ combined handicap.

6. Visitors can only play in Club events during December, January, February, or as permitted from time to time.
7. We welcome visitors and new Members to the Club and ask that the Members responsible for introducing or sponsoring such guests should see that the newcomers are introduced to Club officials and other Members. It is our wish that the hand of friendship may be properly extended and thus add to the entertainment and hospitality of everyone.
8. The LOWEST HANDICAPPED PLAYER in each group is to be held RESPONSIBLE for the general CONDUCT AND PROGRESS of such group in the course of a round.
9. The practice ground shall be the area defined by the Local Rules.
10. No more than two (2) balls may be played in practice on the course.
11. If you have a complaint, inform the Club Secretary or Captain in writing, who will pass it on to the Committee concerned.

15. Members have the right of the course on Saturdays until completion of competition.

## **MATCH COMMITTEE**

The Secretary shall, upon receipt of such protest, convene at the earliest possible opportunity a meeting of the Match Committee, which shall consider such protest and whose decision shall be final/. Protests must be entered immediately on completion of the match or competition.

## **GOLF ETIQUETTE**

1. The standard of a Golf Club may be judged by the etiquette of its Members. It is the duty of every Member to preserve the reputation of the Club by:
  - (a) Maintaining the spirit of good fellowship between himself and every other Member.
  - (b) Observing the best traditions of the game when visiting other clubs
  - (c) Observing the rules of proper attire
2. In the interests of all, players should play without delay.
3. Players must keep their place on the course.
4. No player should play until the party ahead is out of range.
5. No one should move, talk or stand close to or directly behind the ball or hole when a player is addressing the ball or making a stroke.
6. Avoid as far as possible walking or standing near the hole.
7. When leaving bunkers, think of others. Smooth out your foot marks, leave the rake in the centre of the bunker aligned in the direction of play.
8. When the result of the hole has been determined players should immediately leave the green.

9. **Through the green a player should ensure that any turf cut or displaced by him is replaced at once and pressed down. After players have holed out any damage to the green made by the ball or the player should be carefully repaired.**
10. Competition players have precedence over other players at all times.

### **“IS THE GROUP IN FRONT OUT OF SIGHT?”**

#### **SLOW PLAY**

The regularly recurring problem of “SLOW PLAY” is discussed consistently amongst Members. Almost every player - Member of the Club has at some time expressed concern about the effects of slow play on their enjoyment of the game. The following ten suggestions should be of assistance in overcoming the problem.

The most fundamental rule is to be ready to play. Walk directly to or adjacent to your ball at all times and wait there for the player farthest from the hole, or the player able to proceed safely, to play his shot. While you wait assess your own shot.

We ask you all to get into the habit of playing this way. Get your partners to play this way and if you see anybody NOT playing this way, you will know why you are having a slow round.

1. Select a club and ball whilst other players are having their tee shots
2. Always mark the card whilst waiting your turn at the tee.
3. Walk directly to your ball or adjacent to your ball, select your club and be ready to play when your turn.
4. It is agreed that each player has his own preference in this matter, but practice swings should be limited by discretion.
5. If, after a reasonable period, it is apparent that you are holding up play, call the next group through.

6. If called ahead as in (5) but immediately afterwards the team ahead locates their ball and it is evident that play will proceed faster if they continue, you should signal them to go ahead.

Note: The discretion is in the hands of the team called through and not the players who were lost.

7. On reaching the green and your ball, study the line of your putt immediately. When it is your turn to putt, try whenever possible, to putt right out.

Marking the ball is sometimes necessary, but not always, and should be avoided.

8. Wherever possible, a player should have assessed his own putt for direction and speed whilst other players are putting, provided in doing so, no interference is caused to the player putting.
9. The player nearest the hole should attend the flag and then pass to the first player to hole out, then appraise his own putt.
10. Always place your buggy adjacent to the approach to the next tee. Where possible, and practicable, keep your buggy off the tees and out of play.

## **MARKING THE CARD**

Each competitor is responsible for making sure their correct handicap and Membership number are on their card. The competitor is responsible for the correctness of the score recorded for each hole. The Committee is responsible for the addition of scores and the application of the handicap recorded on the card.

## **PRACTICE GROUND**

The area set aside for practice is bounded by the right hand side of the rough on the 10th, 11th and 18th holes and the area surrounding the practice bunker and chipping green as defined by orange boundary stakes and lines. Any golf balls exceeding these bounds must be retrieved immediately so that they do not interfere with play on the course.
